

The B Cup

"Because Real Men Wear Pink!"

Greetings!

I would like to invite you to take part in the 1st Annual B Cup rugby match to fight Breast Cancer!

If you aren't familiar with the sport of rugby – it is generally called a hooligans game played by gentlemen. There are no pads, no protection, and a no-holds bar attitude when these gentlemen play. The heart, strength, determination, and desire to win that these men bring to the field is only a glimpse into the kind of drive that the women battling breast cancer carry everyday in the fight for their lives.

It is sad to say, but almost everyone has been affected by this all too prevalent disease. It is our goal to make this an annual event that not only will raise money for cancer research, but will bring the local community together and heighten detection awareness.

To make this event a success, we need your help! Each player will raise a minimum of \$100 to play in the match, but we want to give more! We will be selling game day t-shirts, food and drinks, and raffling off jerseys and donated goods and services. We are asking for help through your gift of monetary donations, donations for the raffle, or the sponsorship of jerseys or t-shirts.

I have included a B Cup match brochure to provide you with more information. Please feel free to contact me with any questions or interest you may have! I know that with your support we can make this event a success; not only for one year, but for years to come! I look forward to working with you to prove that Real Men Wear Pink!

Regards,
